GAMES

We guarantee 4 games per team during playoffs from July 21 through July 24. Semifinals will be played on July 25, and the final series on July 26.

We do our best so that a team only plays one game a day at 9:00 and 11:00 a.m. / 2:00 and 4:00 p.m. in order for them to have more time to enjoy the all-inclusive plans of the hotels that we offer in the packages. The three finals will be simultaneously played at 9:00 and 11:00 am in the RD Complex Punta Cana stadiums.

We guarantee at least 2 referees per game for categories from 10 to 17 years old.

Games will consist of 6 or 7 innings or will last from 1 hour and 30 minutes up to 2 hours, depending on the category. In addition, stadiums have the appropriate measures for the different ages participating in the event. Fans and family members have guaranteed seats to enjoy their team's game as part of their package.

To start the participation process, you must first pay the registration of the tournament, which guarantees a space for your team. Then, you must choose the travel package that best suits you to book your accommodation through an initial payment of 100 dollars per person, and later to comply with the fee policies required for said packages.

What is the deadline for my registration?

We cannot establish a deadline, but your participation will be subject to whether we have available spaces for your team category at the time of your request. If the registration of your team is possible, they should keep up with the other teams in terms of required documentation and payments.

Is the air ticket included in the travel package?

Our packages only include air tickets for some destinations such as Miami and Puerto Rico. Our offices can help you organize group flights to other destinations different from those in the package.

I am not a player in any team ... can I participate?

Yes. If you are a player, you can ask your parents to contact our offices to include you in a team in your country or the international team that we form for some categories, as well as reinforce any team that requests backup players. We deal with all the paperwork and we put you in contact with the managers of those teams. Uniforms are provided either by ourselves or by them.

For the vast majority of countries, the visa is not necessary to enter the Dominican Republic, only the payment of the tourist card which is included in most of the flights, except for some countries that require it such as CUBA, China and others that you can check in the following link.

How much do travel packages cost?

The prices of the packages are variable and will depend on the hotel chosen by your team and the number of nights you will be staying, and may vary if air tickets are included.

Prices will depend on the age of the children, who are considered as such up to 12 years of age, and from 13 years old they will apply for the adult rate, except for the 12U category players who turn 13 years between May and July due to hotel policies.
